

About Our Personalization: 2D Label vs Printed Label

At Mad Dog Products we offer two ways of personalization. These UV Printed labels are a great personalization option for any individual. Elevating your gear with a high-quality rubber label, designed with durability and style.

About The UV Printed Labels

These labels can be personalized with any name or message, making them a unique addition to your collection. You have the option to choose from four different font styles in order to create a message of your choosing. Feature your dog's name, horse's name, or whatever you can think of. No request is too big or small and we will work with you to get your personalization just right.

About Our 2D Label

At Mad Dog Products we give you the opportunity to make a statement when you use our products. Whether you want to showcase your dog's name, your business logo, or a custom designed gift, our personalization options allow you to have the product be truly yours.

Adding your business's logo can turn every walk or training session into a marketing opportunity. Whether you use the products for giveaways, in-house training, or selling products in your store we can help enhance your brand. No logo or design is too big for us to handle and we will work with you in order to make your vision come to life.

Understanding Our Labels

Our labels are made out of a rubber material and offer a 2D effect with raised lettering and designs. We are able to match colors, fonts, and designs for your business logo.

Make every walk or ride a personalized experience. Explore our personalization options today and create a Mad Dog Product that is truly one of a kind!
